The Honorable Nicholas Langworthy
U.S. House of Representatives
422 Cannon House Office Building
Washington, DC 20515

Re: Manufacturers Support H.R. 3699, the “Energy Choice Act”

Dear Representative Langworthy:

On behalf of the Industrial Energy Consumers of America (IECA), we support H.R. 3699, the “Energy Choice Act,” which would prohibit States or local governments from prohibiting or limiting the connection, reconnection, modification, installation, transportation, distribution, or expansion of an energy service based on the type or source of energy to be delivered.

One hundred percent of IECA members are manufacturing companies whose competitiveness is largely determined by the cost and reliability of natural gas and electricity. IECA’s sole mission is to reduce and avoid energy costs and increase energy reliability through advocacy in Congress and regulatory agencies, such as the Federal Energy Regulatory Commission (FERC). IECA membership represents a diverse set of industries including chemicals, plastics, steel, iron ore, aluminum, paper, food processing, fertilizer, insulation, glass, industrial gases, pharmaceutical, consumer goods, building products, automotive, independent oil refining, and cement.

We look forward to working with you.

Sincerely,

Paul N. Cicio
